City Council
City Hall
Wilmington, North Carolina 28401

Dear Mayor and Councilmembers:

Attached for your consideration is a resolution authorizing the purchase of software licenses from Sungard HTE for the Naviline and CClick2Gov software systems (Project No. 08MF10) in the amount of \$135,000.

Several years ago, the City chose HTE Sungard as its primary financial and government services software provider. The product line available includes many modules, many of which we use for things such as Finance/Accounting, Code Enforcement, Human Resources, Land Management, Purchasing, etc. As part of the budget process for the current year, a CIP project was approved that will add new modules and upgrade the HTE produce we currently use. This item represents negotiated pricing with the City's Financial Software vendor, HTE Sungard to upgrade its HTE financial package to the Naviline Select product. This specifically supports an HR module upgrade, but also provides enhanced features for all HTE users and also provides a platform for some associated upgrades to allow certain modules easier online, web based access by the public. These "Glick-to-Gov" modules will integrate these offerings efficiently to reduce operating resources and will also ultimately result in annual HTE maintenance costs being reduced.

This is a sole source purchase since the City already has this platform in place and is adding and modifying that package and do not seek to replace it all together.

Passage of the attached Resolution is recommended.

Respectfully submitted,

Sterling B. Cheatham
City Manager

Resolution

City Council
City of Wilmington
North Carolina

Introduced By: Sterling B. Cheatham, City Manager

Date: 10/17/2007

**Resolution Authorizing Award of the Contract for the Purchase of Software
Licenses from Sungard HTE**

LEGISLATIVE INTENT/PURPOSE:
